Methodists Youths Enjoy Bay Party

Our Methodist Church youth enjoyed a shindig at the Women's Club Friday night. Mr. and Mrs. Guy Wood, Jr., were in charge of operations. Everyone had a swell time dancing to records provided by Billy Mathis. "Winkum" or something, was among the games played. The party was lacking in enough guys and gals to consume all the goodies, as fifty folks were present, but only half that number showed up. They made a slight dent in the cream donated by George Boydston, and the five cakes, not to mention a bushel of cookies which were baked in the various kitchens about town.

At the party were Norma Jean and Jacqueline Royals, Dorothy Kidder, Jackie Williams, Betty Jean Harris, Joan LeFris, Ann Bass, Larion Bass, Fred LeFris, Clarke Womack, Jerry Burr, Donald Gage, Billy Mathis, Ted Pope, Sue Armstrong, Bob Cumpston, and many others.

Negro Consumes Hoyt's Cologne For A High Jig

Ernest Walker, a simple minded old negro worker, commonly known as Mississippi, who spends most of his time over on Observation Island doing a heman's work, when he gets to main land, just can't resist getting jagged. When he was picked up by police, Sunday, he was well "pickled" with four bottles of Hoyt's cologne within, and an added supply in reserve. Walker's police record shows 10 convictions within thirty-six months. Judge Johnson, knowing Ernest as a good worker, decided that he ought to work for the City rather than Paul Johns, and for the next 10 days he will be trucking on city streets.

James Brown, a truck driver for John L. Evans, came down over the bridge, with a red light against him. He applied brakes but found he had none. Result, two parked cars damaged. Fined \$20, and costs, and the repairs on damaged cars.

For striking his woman in the stomach James Jones got a stomach ache of his own, remarked Judge Johnson, "and for the next 10 days he will be trucking on city streets."

Henry McFarland forgot that a man should never strike a woman even though she be a "muck" wife. His P.D.I. record showed up bad, with crimes that drew him a total of 23 years penal service. Judge Johnson added a bit to the record until \$45 and costs were worked out of paid. Fifteen cases were arrested.

A Cleveland young man and a South Bay young woman were in court growing out of the latter not having a driver's license. The man had put up bond for the girl, then on Sunday, delivered her back to police. He argued so much and persistently to get his bond money back that he too was placed under arrest, and gave an added bond for court hearing. The case had an airing and the woman was fined \$15 and costs, and the man's case was passed for more law investigation by the court.

cost more than half a million dollars. Activities at the Farm in foodstuffs has resulted in tons of pounds of foods being dried, canned and prepared for use of Raiford and other State Institutions. Among the items produced for use of other organizations are syrup, sugar, potatoes, corn, dried beans and rice. Corn activity has reached the point where the local institution is practically self-supporting in addition to furnishing food to other State wards at a saving.

Mr. Granger was born in Arcadia on December 11, 1895 and had spent 18 years in the service of the State Prison System, 14 of which were as Superintendent of the local Farm.

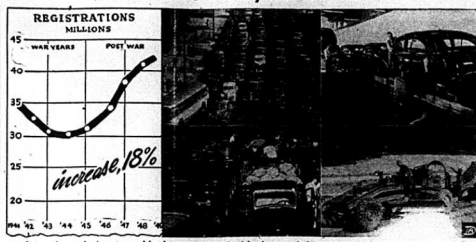

Mrs. Zila Granger, mother and two sisters Mrs. Anderson and Mrs. Gunnin are immediate family survivors in addition to the wife and son.

Out-of-town family members visiting for the funeral were Mr. and Mrs. Horne, Mrs. and Mrs. Gus Hendry, Mrs. Hendry and daughter Lucile.

In the sanctuary of the Community Methodist Church, where he had often worshipped and heard his beloved wife sing in the choir, the mortal remains of Walter B. Granger laid in state from one to three o'clock, Monday afternoon, and there many called to pay their respects.

A profusion of floral remembrances were arranged around the casket and walls of the

Automotive Industry Moves Ahead

Automotive production of record levels more automotive jobs than ever before; motor vehicle industry progress just recorded in the automotive industry by the Automobile Manufacturers.

DETROIT—In the first six months of 1949, the automotive industry produced nearly 1,000,000 new cars, trucks and buses—almost as many units as were turned out in the full year of 1948. A steady increase has been registered since the industry started its war recovery program. A gain in production was made in 1947 over 1946, and a 10% gain was made in 1948 over the previous year. The half year of 1949 is up 20% from the first six months of 1948.

Industry jobs jumped from 6,700,000 in 1941 to 9,020,000 in 1948. This means one out of every seven job holders in the nation earns his wages in the highway transportation industry. These jobs cover manufacturing, good building, sales and service, trucking and miscellaneous work.

Main street is dotted with more businesses kept to highway transportation, and over 90% of them are small enterprises, employing less than 20 employees each. Business across the country is up 56% of all car trips made in 1948 over 1947. The total, shopping 12% and other purposes 16%. Rural travel climbed from 169 billion miles in 1941 to 197 billion in 1948. Urban travel increased from 163 billion miles in 1941 to 203 billion in 1948.

Governmental agencies are collecting an all-time high in automotive dollars. Special taxes alone now exceed \$3 billion annually, with motor trucks accounting for more than a third of the total. One of the largest tax items is the federal excise levy on new motor vehicles, first invoked as a "temporary emergency measure" in 1931. It has been increased twice since, instead of being repealed.

and hoped for successful consummation. "Clubby" Wright, district deputy of the 23rd district, was also present and made additional talk on the proposition.

The Association adopted a resolution providing that the District Deputy Grand Master, William Hendry, of Okeechobee, and President J. C. Weeks, of Pahokee, appoint committees to arrange for a caravan visit to the Masonic home some time in the near future, with hopes of inducing spirit and status to the oncoming fund raising drive.

A Masonic Work Instructor Claude Pendley conducted an interesting and successful school of instruction in the Entered Apprentice degree for the benefit of the 60 members present at the school.

Announcement was made that the corner stone laying of the new Acadia lodge temple at Stuart, would occur on the afternoon of September 10th, under Grand Lodge and District officer's auspices. This temple will be located on a site other than the present lodge room location.

A group of high degree Cuban Masons are now visiting east coast states, on a good will tour, and conferring degrees in the Spanish language. They will be at Biscayne lodge room in Miami, on Saturday night, August 20th, to confer the Master Mason's degrees. All lodges in the 22nd, 23rd and 24th Masonic districts are invited guests for this unusual occasion.

The next session of the Association will be the third Sunday of September at the hall of Gulf Stream lodge in Lake Wales, when several ranking Masonic speakers will appear on the planned program.

Tax Roll Figures Approved Without A Single Change

City Clerk A. L. Wallis states that he was always welcomed by the Hummick property assessors for on the present tax roll, only two persons appeared before the Equalization Board, to talk over their assessments. These both were a minor importance, so there was no additions or subtractions from the figures of the original roll presented for adoption by the Commission.

Property increases do not show up so heavily as might have been expected, but this is

erty owner and make affidavit that he is not a member of the communistic party.

Election officials have been duly appointed as follows: Clerk, Mrs. G. J. Barstow; Alternates, Mrs. H. O. Mitchell, Mrs. Alice Mutchler, Mrs. A. B. Barnes, Mrs. Alice Lamoureux, Alternates, Mrs. Jewell Levell, Deputy, J. W. Warren.

A tax sale of delinquent real estate taxes will be conducted on Thursday, September 1 at twelve o'clock noon at the front door of the South Bay Town Hall by the tax collector. All real estate on which taxes are outstanding for the years 1947 and 1948 will be put up for sale at that time.

More and Better Telephone Service for Florida

FAMILIAR SIGHTS in the cities, towns and rural sections of Florida are telephone folks building new facilities to make your telephone service bigger and better.

New buildings being erected . . . new central office facilities being installed . . . more poles, more cable going into use . . . more and more of what it takes to improve and enlarge the telephone network so vitally important to the growth and prosperity of the state.

Our postwar program of construction of new facilities is the largest in the history of the state. And it is producing abundant results—providing telephones for more and more people, improving service for all telephone users.

The demand for telephone service has been several times greater than before the war. So has our construction program to meet that demand! And all this expanding activity is focused on a single goal—to give the people of Florida the finest telephone service it is possible to provide.

Sponsor "National Kids' Day"

Underprivileged children in more than 5,000 U. S. and Canadian communities will receive assistance from a far-reaching program of youth welfare announced this week by, left to right, J. Hugh Jackson, Stanford, Calif., president of Kiwanis International; Charles Pettigrew, Hollywood, executive secretary of the National Kids' Day Foundation; Belmont Messer, St. Marys, Pa., immediate past president of Kiwanis International.

Jackson, in announcing the cooperative effort, said "the problems of underprivileged children are the problems of the entire nation, but their solution depends upon local action. There are more than 5,000 Kiwanis clubs which are geared for participation in the program."

Focal point of the campaign will be the observance of an annual "National Kids' Day," the first to be held Saturday, Nov. 19, when each community will be asked to enlist the support of its citizens in meeting the problems of local youth.

National Kids' Day organizers emphasized that it will not be celebrated as a holiday or used as a gift-giving occasion. "Observance of this day," Jackson said, "is a means of rallying the forces of each community toward solving local juvenile problems. We hope to raise funds to carry on a year-round program of youth activity in cities and towns in the U. S. and Canada. Money raised locally will be spent in the same community for the benefit of children."

Truman, who addressed the joint assemblies at the Dinner Key Auditorium. The President made a hit with his jaunty manner of mingling and addressing the former members of the Armed Forces of the U. S., and was given a number of rounds of applause as he delivered his foreign policy address.

The Cootie parade at Miami Beach Monday afternoon, was a very sloppy and ineffectual manner, so though the vets, so James Romanis, a veteran officer of the 17th Infantry, decided to do something about correcting conditions. He sent out letters to a group of his regional buddies to meet at Columbus, Ohio, in September, 1949, and as a result the Veterans of Foreign Wars group was founded, which now has a membership of 1,250,000 members, and a power in Veteran affairs.

Romanis at the time of organization said, "This society is going to be active just as long as this nation of ours is forced to defend itself in hostile waters or fighting on land."

When we speak for national defense or for a square deal for veterans and the people, the people will know that we speak from personal experiences."

The charter members of the organization at Columbus, was composed of: James Romanis, Bert Kelly, James Putnam, Bert Durant, James Mally, Oscar Brooks, Willie Wadlington, Simon Heiman, Charles Click, David Brown, John Clark and George Beckman, names to go down in history of military units.

Belle Glade Post and Auxiliary were represented by Mr. and Mrs. Fred Ogle, Mrs. Clara M. Gieshill, and E. C. Mapp, while other members of the groups attended some of the functions of the week.

"DICK" COOPER

was a wonderful one and filled with plenty of excellent stories from which he drew his comparisons.

The subject of his address was "The Need of Revision of the Florida State Constitution," a document that was adopted in 1885, now very much obsolete and a hindrance to the progress of the state, and progressive. He stated that such a revision could only be brought about by Floridians people studying what the text contained and what it lacked, and the building up of such a public acclaim and demand that steps to that end must come.

He claimed that the present constitution prevented freedom of action in taxation matters, in expenditures and in home rule government, tied the hands of the Legislators and State officers, and was riddled with the weight and age of long obsolete provisions. He outlined the various methods of which a revision might be obtained, but favored the Constitutional Convention plan, under which the previous constitutions had been prepared and approved by the state electors. Ninety amendments have been made by statute acts by the Legislature, and the 254 sections had hardly been touched. He declared a new constitution was imperative.

The President announced that the Board of Directors had approved the applications for club membership of Sam Brown manager of Kala's Department and Abe Bressler, manager of Gold's store, and they were welcomed. In the future, new members must have resided and worked in the Belle Glade area, for three months, before they were eligible to apply for club membership. Attorney Ralph Johnson presented his club membership application for three months, before they were eligible to apply for club membership. Mrs. Nathan Mayo Has State Exhibit Hall Named In Her Honor

When the Department of Agriculture decided that the state should have five stock exhibit and fair display buildings, Belle Glade was chosen by Secretary Nathan Mayo as the site for one of them. It was erected and duly dedicated on the event of the first "Everglades" Show, last fall, and named Mayo auditorium in his honor. Taking the cue, the Winter Haven promoters of a like project, have named their building in honor of Mrs. Mayo, the wife of the secretary.

Will Build New Legion Post Home In Pahokee

After many years of preparing and accumulating funds, the Mansfield Post of the American Legion at Pahokee, has decided to improve its land holdings near the new City Hospital, by erecting a new 40x60 foot cement constructed home. Plans include a lodge and dance floor room, a snack bar,

blushed red and then white with consternation and was so flustered that he did not come over to greet the woman or invite her to dinner, and that he had not been informed about this particular date of he would have "embraced" it. Shorty paid a limit fine for forgetfulness. The visiting woman was the sister of Tail Twister Bill Carter, who had engineered the stunt. The club members "roared" like true Lions over the stunt.

Changes Announced By Manager Of Lake Buick Plant

Harold Robin, president of the Lake Buick Company, announces that "Doc" Garner, of West Palm Beach, a well known man in the automotive field, has been named as sales manager and has assumed his duties.

Tommy Parker, (Cattish) has been named manager of the service station, and Bob Davis and Racy Parrish, will be in charge of the garage work when the new plant is ready for operation.

President Robin states that while the company at present is operating on a temporary basis yet he is rightly pleased with the interest shown by Glades people in the Buick line of cars.

The Recently Organized Property Owners and Managers Association Of Belle Glade

Invites all property owners to attend its first rally to be held in the

CITY HALL, AT 8:00 P.M.

FRIDAY, AUGUST 26, 1949

The rally will have as its contributing speaker, L. W. Kelloway, a city commissioner of West Palm Beach, better known as "Kell," the peoples fighting commissioner. Officers are to be elected and bylaws adopted at this meeting. The last meeting was devoted to organization, and basic principles were established. Last week's contributing speaker was Daniel I. Dixon, West Palm Beach attorney and C. P. A. He pointed out the main reasons for the necessity of having a property owner's association in this city, stressing coordination as the chief advantage.

A discussion of general progress and improvements in Belle Glade followed. Some improvements receiving attention from the group were: sidewalks and curbing, better drainage, sewage disposal, adequate mail delivery, and zoning.

Among possible candidates for chairman were named Luther Jones, Joe Friedheim, Junius Harris, and Harold Rabin.

Richard Harris was appointed an acting advisor to the association, and Jack Friday was made an acting secretary of publicity. A state charter for this non-profit organization was voted upon.

The Association attaches great importance to the interest which it holds for the small property owners.

CHANGING TIMES
We are told that school teachers in New England once were paid two hams in exchange for a year's tuition in arithmetic. On that basis today, the teacher would probably owe thirty cents change. If your earnings are small, all he more reason why your property should be fully covered by Fire insurance.
